Dear Mr Brown:

I am in receipt of your recent letter concerning the report by Health and Welfare about persons disabled with environmental sensitivities. Thank you for taking the time to write to me on this important issue.

As you may be aware, I am the New Democrat Spokesperson for External Affairs. Our Caucus spokesperson for health is Jim Karpoff, MP (Surrey North). For this reason, I have taken the liberty of forwarding a copy of your letter to him. I know that in his capacity as critic, Jim will be interested in the points you have raised.

Once again thank you for taking the time to write to me on this matter.

Sincerely yours,

Svend Robinson, MP
Burnaby-Kingsway
